

## Getting Started: Basic Daily Schedule

Whether you have chosen to use our curriculum or to create your own curriculum, we recommend that you set a **flexible** structure for your school day. As each family is unique with unique needs, number and ages of children, please create a schedule that works for you!

You and your student will be able to work together well when you know what is expected each day and this will eliminate the need of re-negotiating every morning.

Each school day should also include time for some age appropriate chores such as personal hygiene, tidying their bedroom, clearing up after breakfast, sharpening pencils, etc.
