
High School Economics

Curriculum:

What Ever Happened to Penny Candy?: Richard Maybury, Bluestocking Press, 7th ed.
A Bluestocking Guide to Economics: Jane Williams, Bluestocking Press, 2013

Method:

Pages 3 – 7 of the Bluestocking Guide will help the parent or supervisor understand how the book functions. The Bluestocking Guide is the workbook that accompanies the text, Whatever Happened to Penny Candy?; i.e. Page 8 of the Bluestocking Guide asks questions based on page 12 of the Penny Candy book

**Please pay attention to the note on Page 5 about how to choose assignments for your student.

- 1) Read page 12 Penny Candy (PC) and do exercises in the Bluestocking Guide (BG) page 8
- 2) Read BG pages 11 – 38, page 11 gives a breakdown of which of these essays would be most appropriate by age. Please do the discussion topic on page 38 (or write a page)
- 3) From this point on, do the chapter readings in PC and then do the assignments and associated readings in BG based on age and ability.
- 4) The final exam for the course is on pages 88 – 91 of BG, please write answers on a separate paper so that it can be turned in.
- 5) The answers to the chapter exercises begin on BG page 99; final exam answers are on page 112.

Please turn in the graded final exam and a few samples of written work from the chapters.
